REMARKS

This Application was submitted to the USPTO via Express Mail on August 9, 2006. The Statement of Filing by Express Mail Pursuant to 37 C.F.R. §1.10 with the Express Mail No. ER059676025US was placed on the document and on a postcard receipt prior to the original mailing. Notwithstanding the foregoing, as shown by the attached true copy of our postcard receipt, the date stamped by the USPTO mailroom on the postcard is August 10, 2006.

The sealed Express Mail envelope was delivered by hand to a U.S. Postal Service office in New York City and the Express Mail Mailing Label was correctly completed with the date of deposit date-stamped by a U.S. Postal Service employee. In accordance with established procedure, the "Customer Copy" of the multi-part U.S. Postal Service Express Mail Label was returned to our firm.

Attached is a true copy of the "Express Mailing Label" for this submission showing the "date-in" entry of August 9, 2006 in the round stamp made by an employee of the U.S. Postal Service. Also attached is a letter dated October 24, 2006 from the United States Postal Service, providing an explanation of the "Date-in" postal procedures, and confirming that the date appearing in the round stamp is the actual date on which the submission was made to the Express Mail Service prior to the last scheduled pickup.

Accordingly, Applicant respectfully requests by this Petition that the filing date accorded the Application be corrected to read:

**August 9, 2006**

on the USPTO records and that a corrected filing receipt be issued.

Re: Express Mail Processing procedure

Dear Mr. Catanzaro,

I am writing you this letter to confirm our conversation of today regarding the processing of your Express Mail. The date postmarked on your copy of the Express Mail receipt is our confirmation of receipt for that date, which is the "date-in" prior to the last scheduled pickup. The mail is then sent to our Express Mail processing unit where it is entered into the tracking system. If the Express Mail piece is received before the close of business on a particular day it may show a processing date of the next day in the tracking system. This should not be considered as the official "date-in" of receipt at the Post Office. The official "date-in" receipt is the date Postmarked in the round stamp on your customer copy. Please feel free to call me if you need any further assistance.

Sincerely,

Philip Grant
